

In this building,

Norris Brothers designed the famous
'Bluebird CN7' in which Donald Campbell C.B.E.
took the World Land Speed Record to 403.1m.p.h.
in 1964, and in 1967 bravely gave his life
attempting the World Water Speed Record
in Norris Brothers' 'Bluebird K7'.

This plaque marks the 50th anniversary
of that tragic, but epic event.
